

The Snowman Named Frosty

by Katie

4th Grade SJV

Hi my name is Frosty, and I live in Grand Rapids. I am a snowman as happy as can be. My home is in an ornament hung on a tree with lots of ornaments hung by me. In this ornament I have more than me, I have a house, one dog, and a little tree. The whole ornament is sky blue and Christmas white. The best part about being in an ornament is every Christmas the whole house is strung with lights. It's pretty lonely just me and my dog except when Christmas day comes along. When our owner's kids come down the stairs and get their toys, all there is, is noise!! That's the life of this snowman, as you can see. Hope to see you next year in another tree.

The End!!
