This year we will explore the changes to the Roman Missal as they lead us to a fuller and more active participation in the Mass.

Each night runs from 6:00 - 8:30 p.m, beginning with a community meal (suggested donation of \$2 per person).

Community Formation is an innovative approach to how we grow in faith as a whole community.

- To transform our community by implementing a more collaborative and integrative approach that involves all of the parish's ministries in faith formation.
- To shift the focus of growing in faith from the textbook to the events of Church life.
- To nurture family faith at home as integral to the faith formation process.

This year we will explore how to live out our Faith in the world in which we live through the Mass.
